Commodores,

When great teams need a great place to stay in Norman...

. . . they usually choose your Ramada Inn. It's easy to understand why.

Whether a team is in town to compete in football, basketball, baseball, wrestling, track or gymnastics, it's important for players and coaches to relax before a big game or meet in Norman. And feel at home.

At the Ramada Inn, we've built a solid reputation among Big Eight Conference schools, and other top universities, for providing excellent food and lodging for visiting athletic teams.

We take pride in the way we do things. Teams expect good food and prompt service in the dining room, also quiet, comfort and privacy in their accommodations. We provide it.

We don't miss the little things that mean a lot, too. Things like decorating our dining room in the visiting school's colors, and making sure each team member is treated like an individual.

We're proud to provide our services to many of the top teams in the nation each year. And especially pleased when those teams return to stay with us each time they visit Norman.

We want you to know you can expect the same kind of friendly, courteous service and pleasant atmosphere when you visit us for breakfast, lunch or dinner. Not to mention the good food at a sensible price.

We won't promise you a waiting line or even a packed dining room. We do think you'll be glad you came to the Ramada Inn to eat.

And, like athletic teams, you'll want to come back.

RAMADA INN

The food is good at I-35 and Lindsey.
